59	Washington Parish School System	250	highest	For over 20 years our district has provided a high-quality universal prekindergarten program for working families in a parish with a high level of poverty and an increasing number of children needing special education services as well as additional resources.				
YWH001	Eager Scholars				10	20	high	This an outstandingly excellent site with the capacity to serve more children particularly three year olds, and are currently successfully providing at-risk four-year old children many with special needs a high quality prekindergarten program using NSECD funding.
YJH001	Franklinton Child Enrichment Center				20		high	Franklinton Child Enrichment Center provides a nurturing developmentally appropriate education focusing on the whole child to prepare them for their educational journey.
VE5001	Jacob's Ladder II				20		high	This center has been an outstanding network partner for more than 10 years and has consistently had very high-profile performance scores while working diligently to meet the needs of low-income working families particularly those with three-year olds desperately in need of care and educational opportunities
ZFB001	Thomas Early Learning Center				10		high	This excellent center is located in an underserved area of the parish with many families struggling to afford childcare for three year old children as well as basic necessities.
KD1001	Building Blocks Kids Academy				10		high	This an excellent center that provides a loving and caring environment for its students and its owner is a strong voice for the importance of early childhood education in the network, the community and beyond.
VE7001	Pride and Hope Ministry				10		high	This is the poorest area of our district with few opportunities for single parents that are really struggling and their babies who desperately need quality care and educational opportunities.
